

Examination Results 2020-21

All of our students make us proud everyday with the progress they make socially and academically. Once again our very pleasing external examination results should be read within the backdrop of the Covid 19 pandemic. They reflect the hard work undertaken by our students during unprecedented times.

Please remember when reading these external examination results they do not demonstrate the full picture of achievements our students have made. We are equally proud of the social progress our students have made, the work experience undertaken, the independence and resilience developed and self-regulation learnt.

Our cohort sizes are small (9 students in Year 11 in 2020-21) meaning that the performance of just one student can significantly alter any trends seen in data.

To ensure students maximise their potential and become accustomed to the rigors of the examination process we offer students the opportunity to sit formal qualifications before the end of KS4. Despite Covid 19 we are very proud that students have accessed qualifications in years 9 and 10.

“If you have met one child with autism you have met ONE child with autism” Dr Stephen Shore

Changing lives shaping futures
