## Examination Results 2021-22

## "If you have met one child with autism you have met ONE child with autism" Dr Stephen Shore

## Changing lives shaping futures

Please find below a record of the formal qualifications our students have achieved this year. Once again our very pleasing external examination results should be read within the backdrop of the Covid 19 pandemic and two years disrupted learning. They reflect the hard work undertaken by our students during unprecedented times.

Formal qualifications are only one part of how well a child has progressed during their time at Presfield. These results do not show how well they managed through the unexpected changes which occurred during Covid. It does not show how a child's confidence, resilience and independence has grown year on year.

Successes, large or small should be celebrated in equal measure and equate to important milestones in our development. Our students have faced many positive challenges through our "Life and Living Skills Curriculum" and these outcomes are just as important as the formal qualifications achieved. Each child is unique and at Presfield High School we celebrate and support their uniqueness.

We are extremely proud of all the progress our students have made during their time with us.
Our cohort sizes are small (16 students in Year 11) meaning that the performance of just one student can significantly alter any trends seen in data. To ensure students maximise their potential and become accustomed to the rigors of the examination process we offer students the opportunity to sit formal qualifications before the end of KS4. Despite the disruption caused by Covid 19 we are very proud that students have accessed qualifications in years 9 and 10 as well as at the end of KS4 and KS5.
